LDRF was established in the aftermath of Hurricanes Katrina and Rita to help ensure that the needs of the people of Louisiana are met and to help shape their recovery and betterment. Since its inception, LDRF has awarded over \$15,000,000 to over seventy nonprofit organizations that provide services and supports to individuals in hurricane-impacted areas throughout Louisiana. LDRF has established practices and policies that have begun to demonstrate how foundations can influence policy to create inclusive and equitable communities. LDRF focuses its funding in the areas of economic development, housing, land use planning, education, and health care.
